Park Updates – Basketball Court, New Playground Structure – Constitution Park

Commissioner Henderson has been gathering quotes to resurface and fix up the basketball court. Three companies have been contacted, two sent in quotes to resurface, the third company did not send in a quote. Commissioner Henderson also spoke to the Commission about the condition of the playground structure at Constitution Park. It was recently shut down for repairs; which our maintenance men did take care of. Some of the areas on the structure are under warranty, but the labor is not included. The Parks and Recreation Committee have met several times and recommend to the Commission to take out the old structure and replace with a new structure and adding a shade cover. Commissioner Henderson will continue to research the purchase of a new structure and report back to the Commission.
