TOWN OF REDINGTON SHORES  
WORKSHOP MEETING  
WEDNESDAY, MARCH 29, 2017 – 7:00 P.M.  
MINUTES**

Present upon roll call: Commissioner Henderson, Commissioner Drumm, Commissioner Neal, Vice Mayor Kapper and Mayor Adams

**OLD BUSINESS**

Discussion – Traffic Control – 175<sup>th</sup> Ave. E.

Mayor Adams asked Vice Mayor Kapper to talk about the speeding issues on 175<sup>th</sup> Ave. E. Vice Mayor Kapper stated that for several years there has been speeding issues on 175<sup>th</sup> Ave. E. and speed controls should be installed. Mayor Adams explained that the town would like to install speed tables, versus the more aggressive speed bumps, on 175<sup>th</sup> Ave. E. Commissioner Henderson asked what Police Chief Hughes thought of installing the speed tables and Chief Hughes stated that if the tables were like what the Town of North Redington Beach installed on 173<sup>rd</sup> Ave., he thought it would be a good idea. Commissioner Neal stated that 60% of the people in the 175<sup>th</sup> Ave. district did not want the speed tables. Commissioner Neal asked that the speed limit be enforced by giving out tickets. Mayor Adams explained that it was not possible to have 24-hour surveillance on the street and if the speed tables saved one life, then it would be worth putting the tables down. Chief Hughes explained that during the research there were people driving up to 60mph. Several residents spoke against the placement of the speed tables. Mayor Adams suggested that the residents against the speed tables take a ride down 173<sup>rd</sup> Ave. in North Redington Beach to check out the speed tables. When asked if the town would put the speed tables on other streets, Mayor Adams explained that he couldn't foresee the future, but it could be possible if speeding issues elevated on another street. Mayor Adams stated that he would like to have a vote on the speed tables at the next regular meeting.
