ARTICLE IV. RESTRICTED ACCESS PARKING

Sec. 140-13. Parking areas established.

There are hereby established certain municipally owned off-road parking areas to be municipally owned and maintained for the purpose of providing park and recreational facility access for the citizens of ~~the town Redington Shores~~. These areas are:

- A. West of Gulf Boulevard, near 180th Avenue West, in two parcels, being earlier Lots 16 and 17 of Surfside Subdivision and subject to the ten-parking-space agreement with the Lighthouse Point Condominium development. All parking at this location shall be restricted to those residents of the Town of Redington Shores to whom a valid parking permit has been issued and is visually displayed.
- B. West of Gulf Boulevard, between 182nd Avenue and 183rd Avenue West, on the acre tract park site lying between Sunset and Gulf Boulevards, such area being the parking lot for Constitution Park. All parking at this location shall be restricted to those individuals currently attending a function at or utilizing Constitution Park, or to those residents of the ~~Town of Redington Shores~~ to whom a valid parking permit has been issued and is visually displayed.
- C. The municipality-owned parking lot at the site of the former Town Hall, located at 17798 Gulf Boulevard, Redington Shores, Florida.

Sec. 140-14. Parking permits.

To ensure that the citizens of the town are able to gain access to and use of the town's park and recreational areas, and to facilitate the operation of businesses which have invested in the town, the following vehicle access permit system is hereby established:

- A. *Residential permit.* Each residential property of the town which is either owner-occupied or occupied by a non-owner town resident shall, upon making application to the town clerk, be entitled to one town-provided resident parking permit.
- B. *Resident permit application process.* Permit applications may be submitted to the town clerk on such form or online registration format as the town, from time to time, designates. In order to be entitled to a resident parking permit, the permit applicant must be a resident or property owner of the town. Owner applicants must provide proof of ownership to the town clerk in the form of a recorded deed or other county public record. Non-owner residents must provide proof of residency to the town clerk in the form of a current vehicle registration, valid driver's license, current voter's identification card, utility bills, or other similar records acceptable to the town clerk. Applicants must also provide the vehicle's color, make, model and license plate number.
- C. *Commercial permit.* Each parcel of land in the town zoned for commercial use, and on which commercial activity is currently occurring, shall, upon making application to the town clerk, be entitled to two town-provided commercial parking permits regardless of the number of actual businesses operating on the parcel. Commercial permits may only be issued for vehicles owned and operated by an owner or employee of a commercial business operating on the parcel. Commercial and delivery vehicles are not eligible for a commercial permit.
- D. *Commercial permit application process.* Permit applications may be submitted to the town clerk on such form or online registration format as the town, from time to time, designates,

and applicants must provide the color, make, model and license plate number of the vehicles being permitted. In order to be entitled to a commercial parking permit, the permit applicant must be either the owner of the parcel of land, or the owner or officer of the commercial business operating on the parcel. Owner applicants must provide proof of ownership of the parcel to the clerk in the form of a recorded deed or other county public record. If the applicant is the owner of a business operating on the parcel, but not the parcel, the applicant must provide the clerk with written authorization from the parcel owner to apply for the permits. If more than one business is operating on a parcel, the clerk will issue the permits on a first come, first served basis.

- E. *Parking locations.* Permits issued under this section shall entitle vehicles to park in the following locations:
- (1) Metered parking spaces at Constitution Park on Sunset Blvd.
 - (2) Metered parking lot on the West side of Gulf Blvd between 177th Terrace West and 178th Avenue.
 - (3) Parking spaces along 180th Avenue West near Lighthouse Point Condominiums.

Town-issued parking permits do not authorize parking at any county metered beach access parking lots, or parking in any publicly owned lot outside of the town's boundaries.

- F. *Expiration and renewal.* Regardless of the date issued, all permits issued pursuant to this section shall expire at 11:59 on December 31 each year. The town clerk is authorized to begin accepting applications for subsequent year permits on November 1 of each year.
- G. *Permit non-transferrable; surrender.* A permit issued pursuant to this section is tied to the vehicle for which it has been issued, and permits are not transferrable. Any person or entity selling, loaning or otherwise transferring a permit issued under this section commits a violation of this section and shall also become ineligible for a permit for one year after the date of the violation. In the event a permit holder obtains a new vehicle, the permit holder shall provide an updated application to the town clerk. Property or business owners with permits issued under this section who sell their property or business in the town must surrender their permit(s) to the town after the sale closes. Town residents who are tenants must surrender their permit upon moving out of the town.
- H. *Permit materials and display.* While the town commission may determine from time to time that alternative permit materials be used, typically, residential permits will be issued in the form of a weather resistant sticker, and business permits will be issued in the form of a hang tag. So as to allow town code enforcement officials to view them, permit stickers must be affixed to the exterior of the driver's side rear window of the vehicle using the adhesive backing of the permit sticker. Affixing a permit sticker by tape or other temporary means is not permitted. Permit hang tags must be hung from the vehicle's rearview mirror with the permit information viewable from the front windshield. Failure to affix or display a permit as required herein shall be a violation of this section.

- I. *Alternative drivers.* A permitted vehicle may be operated and parked by the permit applicant, or such family member or other driver as the applicant may from time to time authorize to operate the vehicle.
- J. *Administrative fee.* The town does not, as of the effective date of this section, assess a permit or administrative fee associated with the parking permit program. Should the town commission determine in the future that such a fee is required to offset the costs to administer the program, it shall do so only by adopting a resolution after taking citizen comments.

~~K. *Metered parking.* The town board of commissioners may, should circumstances warrant, install and enforce metered parking at one or more of the designated areas under rules and provisions to be enacted at such future time.~~

Sec. 140-15. Additional parking regulations.

- A. No vehicle shall be parked in the areas established in ~~§ section~~ 140-13 A. and B. between the hours of 11:00 p.m. and 6:00 a.m. unless it is the primary vehicle for means of daily transportation for the resident or houseguest owning such vehicle.
- B. Municipal parking lots shall not be used as a storage area, and any vehicle parked in any municipal parking lot shall be moved out of such parking lot at least one time in any 24-hour period of time. ~~Recreational vehicles and equipment No unattached trailers or campers separate from a motor vehicle shall not be parked and left unattended in any municipal parking lot at any time. No parking is permitted at the town hall parking lot between 10 p.m. and 6 a.m. unless the motor vehicle belongs to or is being driven by a person attending a town meeting or a private function permitted by the town in advance.~~
- C. The municipal parking lot located at 17798 Gulf Boulevard, ~~Redington Shores, Florida,~~ shall be available for noncommercial vehicle parking between the hours of 7:00 a.m. and 10:00 p.m. daily. All vehicles must be removed from such parking lot by 10:00 p.m. each day, ~~and any vehicles not removed by such time shall be subject to being towed, at the cost of the owner of such vehicle. Any commercial vehicle parked in such parking lot shall be subject to being towed, at the owner's expense.~~

Sec. 140-16. Enforcement; appeals; leased vehicles~~penalties for offenses.~~

- A. The police department ~~and town code enforcement deputies are authorized to shall~~ enforce the restricted parking access provisions of this article by inspection of the designated areas and issue of parking violation tickets.
- B. Persons wishing to appeal a parking violation ticket received pursuant to this chapter may file an appeal with the town's code enforcement special magistrate. The appeal shall be in writing, shall set forth each reason why the violator believes the parking violation ticket

was issued in error, and shall be signed by the violator or, if the violator is a business entity, by the violator's authorized representative.

C. The code enforcement special magistrate shall hear appeals where an alleged violator contests a parking violation ticket issued in accordance with article III of chapter 140 of the code (stopping, standing and parking). The town shall bear the initial burden of proof that the violation occurred. Thereafter, the burden of proof shifts to the appealing violator to demonstrate the ticket was issued in violation of the law. If the special magistrate determines that there was a violation associated with the violator or a motor vehicle licensed to the violator, then the magistrate shall sustain the ticket. If the special magistrate determines that there was no violation committed, or that the violator established that the law was not followed, the magistrate shall dismiss the ticket. If the special magistrate sustains the ticket then, in addition to the fine amount listed on the ticket, the special magistrate may impose administrative costs incurred by the town associated with the appeal hearing, including the magistrate's fee.

D. In the event a motor vehicle in violation of this chapter is a leased vehicle, the lessee, not the owner of the leased vehicle, shall be responsible for the violation and any fines, fees or towing costs associated therewith if the vehicle is registered in the name of the lessee.

Sec. 140.17. Towing.

A. Each parking space designated as "no parking", "parking by permit only" or other restricted access parking shall be so posted by the installation of a wall or post-mounted sign to include, at a minimum, the words NO PARKING (if the space is so designated), or the category of vehicle or title of authorized user(s) (if the space is designated as restricted access) and the words Town Code § 140-11 (or other relevant section of code). At least one (1) additional wall or post-mounted sign shall be prominently placed at each such town-owned or controlled facility which meets the following requirements: the words "Unauthorized Vehicles will be towed away at owner's expense" must be included in letters not less than 2-inches high; the words "Tow Away Zone" must be included in letters not less than 4-inches high; the name and current telephone number of the authorized towing person or firm must appear; all letters must be light-reflective with a contrasting background; and, the bottom of the signs must be not less than 3 feet nor more than 6 feet above ground level.

B. Removal of vehicles; related costs.

(1) In addition to or as an alternative to the issuance of a parking ticket, whenever any town code enforcement officer, authorized property management official, or state-certified law enforcement officer finds an unauthorized vehicle parking in a town parking space designated as "no parking" or restricted access parking pursuant to this section, if the driver or other person in control of the vehicle is present, the official or officer is authorized to require the driver or other person in control of the vehicle to move the same to a space not so designated.

(2) Additionally, if the driver or other person in control of a vehicle violating this chapter refuses to move the vehicle upon being instructed to do so, or is not present to receive such instruction, a town code enforcement officer, authorized property management official, or state-certified law enforcement officer is hereby authorized to provide for the removal of such vehicle to the nearest designated garage or place of safety if said vehicle has been parked in the space for a period exceeding twenty-four (24) hours or immediately if the violation is a second or successive violation.

(3) Pursuant to Florida Statute § 713.78(4)(b), the town code enforcement officer, authorized property management official, or state-certified law enforcement officer causing the removal of an unauthorized, unattended vehicle shall report the same to the Florida Department of Highway Safety and Motor Vehicles within twenty-four (24) hours of such removal in the manner prescribed by that agency. In addition, the town code enforcement officer, authorized property management official, or state-certified law enforcement officer causing the removal of said vehicle shall make a prompt, good faith effort to identify and notify the owner of the vehicle of the fact of the removal and of the towing company information or location of the vehicle.

(4) Neither the town nor the law enforcement agency shall be responsible for the payment of any fees necessary for the release of a stored vehicle. Any cost incurred by the town or the law enforcement agency in the removal and storage of any unattended vehicle shall be paid by the vehicle owner (including lessee), upon presentment of a statement of costs incurred. Upon the owner's/lessee's failure or refusal to pay such costs within thirty (30) days of presentment of a statement, the town or the agency, or both, may avail themselves of any lawful means of enforcing payment, to include suit in a court of competent jurisdiction. The provisions of this subsection shall not apply if the vehicle is determined by a law enforcement agency to have been stolen.
